Packaging : 100 m	Color : GREY	Support : Hank	Size : 1.61 mm	€81.00
Packaging : 100 m	Color : GREY	Support : Hank	Size : 1.83 mm	€105.00
Packaging : 100 m	Color : GREY	Support : Hank	Size : 2.04 mm	€117.00

Features

Features : High abrasion resistance
Features : High rigidity
Features : Low elongation
Fishing techniques : Boat Fishing
Fishing techniques : Trolling
Fishing techniques : Bottom fishing
Fishing techniques : Carp Fishing
Fishing techniques : Big game
Fishing techniques : Coarse fishing

Description

Asso Triple Force is a high-tech monofilament whose main peculiarity is the very high breaking strength. It features an extremely hard and tough surface that guarantees superior abrasion resistance. Its quality remains almost unchanged even after many uses in stressful conditions. Controlled stretch and large sizes complete the product. Available in two colors, fluo yellow and grey, also conforming to the standards for I.g.f.a competitions. It is multipurpose and suitable for both reel and leaders.
