Support : Spool	Color : PINK	Packaging : 30 m	Size : 3.5 GO	€16.50
Support : Spool	Size : 3.0 GO	Color : PINK	Packaging : 30 m	€16.50
Support : Spool	Color : PINK	Size : 2.5 GO	Packaging : 30 m	€16.50

Features

Features : High rigidity

Features : Low elongation

Features : High visibility

Features : Parallel spooling

Fishing techniques : Fly Fishing

Description

Asso Tenkara Level Line is a top quality high density fluorocarbon line. It allows you to have a constant vision of the line in all light and weather conditions. It is easily visible in all fishing conditions, even in the midst of the rapids that form foam. Its material allows easier, perfect and precise castings. Thanks to the use of fluorocarbon, the monofilament is memory free and has a controlled rigidity. Especially suitable for leaders.
